

THIRTY EIGHTH COLLEGE YEAR.

# Rush Medical College, CHICAGO

CORNER OF WOOD AND HARRISON STS., OPPOSITE THE NEW COOK COUNTY HOSPITAL.

## ANNOUNCEMENT

OF THE

## SPRING COURSE OF LECTURES.

1880.

CHICAGO.

F. C. DE LANG, STATIONER & PRINTER 122 LAKE STREET.  
1880,

## Faculty.

---

- J. ADAMS ALLEN, M. D., LL. D., PRESIDENT.  
Professor of the Principles and Practice of Medicine,  
503 Michigan Avenue.
- DELASKIE MILLER, PH. D., M. D.  
Professor of Obstetrics and Diseases of Children,  
926 Wabash Avenue.
- MOSES GUNN, M. D., LL. D.,  
Professor of the Principles and Practice of Surgery and Clinical Surgery,  
49 Calumet Avenue.
- JOSEPH P. ROSS, A.M., M. D.,  
Professor of Clinical Medicine and Diseases of the Chest,  
428 West Washington Street.
- W. H. BYFORD, A. M., M. D.,  
Professor of Gynæcology,  
125 State Street.
- EDWARD L. HOLMES, A. M., M. D.,  
Professor of Diseases of the Eye and Ear,  
207 S. Clark Street, N. E. cor. of Adams Street.
- HENRY M. LYMAN, A. M., M. D.,  
Professor of Physiology and of Diseases of the Nervous System,  
533 West Adams Street.
- JAMES H. ETHERIDGE, A. M., M. D., SECRETARY,  
Professor of Materia Medica and of Medical Jurisprudence,  
603 Michigan Avenue.
- CHARLES T. PARKES, M. D.,  
Professor of Anatomy,  
125 State Street.
- WALTER S. HAINES, M. D.,  
Professor of Chemistry and Toxicology,  
Rush Medical College.
- J. NEVINS HYDE, A. M., M. D.,  
Professor of Skin and Venereal Diseases,  
117 S. Clark Street.
- JOHN E. OWENS, M. D.,  
Professor of Orthopædic Surgery,  
643 Michigan Avenue.
- FRANCIS L. WADSWORTH, M. D.,  
Adjunct Professor of Physiology,  
229 Ontario Street.
- ALBERT B. STRONG, A. M., M. D.,  
Demonstrator of Anatomy,  
312 West Indiana Street.

## Spring Faculty.

---

- ISAAC N. DANFORTH, M. D., PRESIDENT,  
Lecturer on Pathology,  
349 West Adams Street.
- JOHN E. OWENS, M. D.,  
Lecturer on Surgery,  
643 Michigan Avenue.
- FRANCIS L. WADSWORTH, M. D., SECRETARY,  
Lecturer on Physiology and Histology,  
229 Ontario Street.
- E. FLETCHER INGALS, M. D.,  
Lecturer on Diseases of the Chest and Physical Diagnosis,  
188 S. Clark Street.
- LAFAYETTE W. CASE, M. D.,  
Lecturer on Dermatology and Venereal Diseases.  
332 Division Street.
- PHILIP ADOLPHUS, M. D.,  
Clinical Instructor in Gynæcology at the Central Dispensary,  
628 West Washington Street.
- NORMAN BRIDGE, M.D.,  
Lecturer on the Principles and Practice of Medicine,  
81 Throop Street.
- EDW. WARREN SAWYER, M. D.,  
Lecturer on Obstetrics and Diseases of Children,  
116 Vincennes Avenue.
- ALBERT B. STRONG, A. M., M. D.,  
Lecturer on Anatomy,  
312 West Indiana Street.
- J. SUYDAM KNOX, A.M., M.D.,  
Lecturer on Materia Medica and General Therapeutics,  
16 Loomis Street.
- J. NEVINS HYDE, A.M., M.D.  
Lecturer on the Diseases of the Genito-Urinary Organs,  
117 S. Clark Street.
- R. S. SUTTON M. D.,  
Lecturer on Gynæcology,

---

A. B. STRONG, M.D.,  
D. W. GRAHAM, A.M., M.D.,  
Assistants in Clinical Surgery.

CHARLES G. SHIPMAN,  
Registrar of the Surgical Clinic.

D. R. BROWER, M.D.,  
W. S. HARROUN, M.D.,  
Assistants to the Chair of Clinical Medicine.

WM. T. BELFIELD, M.D.,  
Demonstrator of Physiology.

F. E. SHERMAN, M.D.,  
E. W. WHITNEY, A.B., M.D.,  
Assistant Demonstrators of Anatomy.

---

Mr. FRANK JORDAN GOULD,  
College Clerk.

# Spring Announcement.

1880.

---

THE TWENTY-FIRST ANNUAL SPRING SESSION of Rush Medical College will begin on the 4th of March, 1880, and will continue sixteen weeks, closing June 24th.

The spring term in this college is a complete course of medical instruction—as thorough in all departments as the usual regular course of lectures in medical colleges, but cannot be taken as a “course of lectures” in the conditions of graduation.

In addition to a complete course of lectures on all the important branches of medicine, especially good opportunities are offered during the spring session for clinical observation, and for practical work in the dissecting room and in the chemical and physiological laboratories.

That the importance of this course has been highly appreciated may be known from the fact that 126 students matriculated in the Spring term of 1878, and 187 in that of 1879.

At the close of the term an examination will be held, and students will receive certificates indicating their attendance and grade of examination, marked on a scale of ten. The grade will be the average standing in all the branches attended. Students who prefer to attend only a part of the branches taught, according to the schedule of studies advised in the annual announcement, may do so and be relieved from examination in other departments, but in the studies taken a correspondingly higher standing will be exacted to attain a given grade.

The Faculty are convinced that the general system of medical education which has hitherto been pursued in this college, affords the best facilities to the largest number of students.

While insisting, as heretofore, upon three full years of study, the Faculty desire that as many as possible of the matriculates in this institution shall pursue their studies at this college during the winter and spring terms of at least two, if not three years. During each of these four (or six) terms, students, who place themselves for this period under the immediate direction of the Faculty, are advised to devote special attention to anatomy, physiology and chemistry, as the ground-work of their professional studies.

At the close of every term, as an incentive to industry, such students will be examined, and to each one will be recommended an appropriate course of study and clinical observation for the ensuing term. The final

examination will cover the whole field of study. To every graduate who has faithfully complied with the foregoing provisions, in addition to the ordinary diploma, will be awarded a special certificate of honor, signed by the Spring Faculty and by the Faculty of the college. All who intend to pursue this course are requested to signify such intention at the time of their matriculation.

Candidates for the certificate of honor will be required to pass at the close of the spring term but one examination, that being the regular examination described on the previous page.

There is reason to believe that it is of far greater advantage to the student, during his collegiate course, to study and carefully review a single text-book in each department of medicine, than cursorily to read several.

Students are, therefore, recommended to confine their reading to the following

### TEXT BOOKS FOR STUDY.

Gray's Anatomy. Heath's Dissector. Foster's Physiology. Attfield's Chemistry. Bristowe's Practice of Medicine. Druitt's Surgery, for beginners; Gross' or Erichsen's, for advanced students. Byford's Obstetrics. Atthill's Diseases of Women. Bartholow's Materia Medica. Green's Pathology. Williams' or Carters' Diseases of the Eye. Frey's Compendium of Histology. Roosa's Diseases of the Ear. Sayre's Orthopaedic Surgery.

Practitioners who receive students are recommended to direct their studies in accordance with the following schedule and to use the above text-books.

They are urged to advise young men not to enter upon their professional studies till they have acquired a good English education—especially in the fundamental principles of natural philosophy. *County and district medical societies are requested to take special interest in this subject, for the Faculty believe that on the practitioners of the country, as well as on the medical colleges, rests the responsibility of advancing the standard of scholarship in the profession.*

### SCHEDULE OF STUDIES.

#### FIRST TERM—SPRING.

LECTURES:—*Anatomy*—Cells, Fibres, Membranes, Viscera, and Long Bones. *Physiology*—Blood, Circulation, Respiration. *Inorganic Chemistry*, with Laboratory work.

Dissection of the Viscera; study of the Long Bones. Surgical Clinics at the College, Hospital and Dispensary.

#### SECOND TERM—WINTER.

LECTURES:—*General Anatomy*—*Materia Medica*. *Physiology*—

Alimentation, Digestion, Absorption. *Inorganic Chemistry*, with Laboratory work. *Surgery*—Ulceration and Suppuration, and their results..

Surgical Clinics. Dissection of the external soft parts. Study of the Bones. Practice in Auscultation and Percussion of the Normal Chest and Abdomen.

#### THIRD TERM—SPRING.

LECTURES:—*General Anatomy*—Bones—External soft parts. *Chemistry*—Laboratory work—Analysis, Urinalysis. *Physiology*—Secretion Nutrition, Movements. *Surgery*—Surgical Dressings and Appliances *Principles and Practice of Medicine*—Congestion, Inflammation and its results, Fever—*Materia Medica*.

Exercises in normal and abnormal Auscultation and Percussion. Dissection of the external soft parts. Special dissection of the Pelvis, and its organs, and of the Fœtus. Medical and Surgical Clinics.

#### FOURTH TERM—WINTER.

LECTURES:—*General Anatomy*—Regional Dissections, Brain and Spinal Column, Histology. *Physiology*—Nervous System, Reproduction, *Organic Chemistry*—Laboratory. *Materia Medica, Surgery, Principles and Practice of Medicine, Obstetrics*—Generation, Fœtal Development, Normal Parturition.

Exercises in bandaging and application of splints. Anatomy and Physiology of the Eye and Ear. Exercises in Auscultation and Percussion. Medical and Surgical Clinics. Pathology and Post Mortem Examination.

( Final examinations in Descriptive Anatomy, Physiology, Chemistry, Materia Medica and Therapeutics for those who take three winter courses. )

#### FIFTH TERM—SPRING.

LECTURES:— *Anatomy, Physiology, Chemistry, Materia Medica, Surgery, Principles and Practice of Medicine, Obstetrics.*

Regional Dissections, Chemical Laboratory Work, Toxicology and Special Researches.

Clinics, general and special; Diseases of Women and Children. Pathology and Post Mortem Examinations.

#### SIXTH TERM—WINTER.

All Lectures and Clinics. Regional Dissections; Post Mortem Examinations. General Review.

(Students who have passed the final examination in the elementary branches at the end of the fourth term, may devote their third year especially to the practical branches and to clinics.)

## **PRACTICAL CHEMISTRY.**

The college is provided with a thoroughly furnished students' laboratory for practical chemistry. There are tables—lead covered—with gas and wash basins, cases, and all necessary conveniences.

Professor Haines will give a special course in practical chemistry, devoting to the work three afternoons of each week. The course will include a series of experiments in qualitative analysis, urinalysis and toxicology. The student will make the analyses and examinations himself, under the supervision of the Professor.

Since a course in practical chemistry has been made one of the requirements for graduation in this college, students will find the spring term a most convenient time for the pursuit of this study.

## **PRACTICAL ANATOMY.**

The very best advantages for the practical study of anatomy, including osteology, will be afforded—material in abundance will be provided.

## **PRACTICAL PHYSIOLOGY.**

The Physiological Laboratory is abundantly supplied with microscopes and other apparatus for study and will be open for work during the spring course. A course of lessons in Histology and Practical Microscopy will be given.

## **CLINICAL INSTRUCTION.**

### **IN THE COLLEGE BUILDING.**

A Surgical clinic will be given by Professor Gunn every Saturday, a clinic on Diseases of the Chest by Professor Ross, and one on Diseases of the Nervous System by Professor Lyman, every Thursday, a clinic on Skin and Venereal Diseases by Prof. Hyde, a Medical clinic by Dr. Bridge every Monday, and a clinic on orthopædic surgery by Prof. Owens every Saturday immediately after Prof. Gunn's clinic, all continuing throughout the year.

### **IN THE COUNTY HOSPITAL.**

#### **(OPPOSITE THE COLLEGE BUILDING.)**

The hospital, standing on a block of twelve acres of land, has been erected at a cost of nearly half a million dollars.

It consists of two large pavilions, each four stories high, and one hundred and eighty feet long—a large clinical amphitheatre—separate buildings for the kitchen, laundry, bakery and steam-heating apparatus—all connected by long covered corridors.

The amphitheatre of the hospital, with a seating capacity for six hundred persons, is the clinic room in which all the surgical, medical and special clinics are held. Two thousand two hundred patients were treated at the hospital during the past year; nearly two hundred important surgical operations were performed, of which forty were capital amputations.

In the rear of the hospital is the Mortuary or Necropsy Theatre, in which are held all the post mortem examinations of the hospital, of which more than 100 were made during the past year. Most ample opportunities will be given for the complete study of the of the gross as well as of the microscopic appearances produced by disease.

#### THE FOLLOWING IS THE STAFF OF THE HOSPITAL.

##### SURGEONS.

|                     |                     |
|---------------------|---------------------|
| MOSES GUNN, M. D.   | E. W. LEE, M. D.    |
| R. N. ISHAM, M. D.  | A. J. BAXTER, M. D. |
| C. T. PARKES, M. D. |                     |

##### PHYSICIANS.

|                       |                         |
|-----------------------|-------------------------|
| J. P. ROSS, M. D.     | S. A. MCWILLIAMS, M. D. |
| H. P. MERRIMAN, M. D. |                         |

##### OH THALMOLOGIST.

S. D. JACOBSON, M. D.

##### GYNAECOLOGISTS.

|                   |                  |
|-------------------|------------------|
| G. HESSERT, M. D. | J. GUERIN, M. D. |
|-------------------|------------------|

##### PATHOLOGIST.

C. FENGER, M.D.

#### AT THE ILLINOIS CHARITABLE EYE AND EAR INFIRMARY.

COR. OF PEORIA AND ADAMS STREETS.

The new clinic and operating rooms of this institution have recently been completed.

During the past year more than 1,600 patients received treatment at the Infirmary; 270 operations were performed.

Clinics will be given during each week of the session, by Dr. Holmes and by Dr. Hotz.

### AT THE CENTRAL DISPENSARY.

Extraordinary opportunities are offered to students and practitioners for clinical instruction at the Central Free Dispensary, which occupies the first floor of the College building. More than eight thousand different patients received treatment in this dispensary during the past year. These patients are classified according to their diseases. Every opportunity is afforded for the study of specialties.

Each week one clinic will be given by each of the following named gentlemen:

Dr. Adolphus, on Gynecology; Dr. Ingals on Diseases of the Chest; Dr. W. J. Maynard, on Dermatology and Venereal Diseases; Dr. R. S. Hall, on Diseases of Children; Dr. E. B. Loomis, on Surgery. Dr. R. D. MacArthur, on Skin and Venereal Diseases.

### PRACTICAL OBSTETRICS.

The Lying-in Department of the Central Free Dispensary has been organized under the immediate care of Dr. P. Adolphus.

Advanced students will have unusual facilities, at trifling expense, for the study of practical obstetrics at the bedside.

### GYNAECOLOGY.

The lectureship in Gynecology in the spring course has been recently filled by concours.

Dr. R. S. Sutton, of Pittsburgh, Pa., who was the successful competitor, will enter upon his duties with a wide experience in his special department, and with fine qualifications as a teacher.

### POST GRADUATE COURSE.

During the last five weeks of the winter session, in addition to the usual clinics at the Cook County Hospital, and at the dispensaries, most excellent opportunities will be given to practitioners for securing private instruction in special departments of medicine and surgery.

The fee for any one of these courses will be \$10.00.

## A PRELIMINARY COURSE

of didactic and clinical lectures will be given from Sept. 14th, 1880, to the opening of the regular session, Sept. 28th.

This course is entirely optional and without extra charge. It is intended for members of the class who remain in Chicago during the fall, and for those who desire to be at the college and clinics before the opening of the regular winter term.

## HOSPITAL INTERNES.

Positions of Internes in the Cook County Hospital, and the St. Luke's Hospital, are open each spring to students who graduate and pass a competitive examination held by the respective hospital staffs.

The occupants of these positions receive their board and lodging, and secure an extensive experience in every department of practical medicine and surgery.

## EXAMINATIONS.

The regular examinations for a degree occur during the last week of the winter session.

Students, however, who will enter the college for at least three full winter terms of study may receive their final examination in Descriptive Anatomy, Physiology, Chemistry, Materia Medica, and Therapeutics at the close of the second winter term. This will enable them to devote special attention to clinics and the practical branches during the third winter session. Those students who take the three winter courses and desire to be examined in the elementary branches, as above indicated, will be required to advance one-half of the examination fee. (See fees, below.)

Students who have failed in their examination for the degree of doctor of medicine may receive their diplomas at the close of the spring term on passing a second examination in those branches in which they were deficient. There will be no fee for the second examination.

## FEES FOR THE REGULAR WINTER COURSE.

|                                                                |         |
|----------------------------------------------------------------|---------|
| Matriculation fee (good till the following March) - - - - -    | \$ 5.00 |
| Lecture fees for the course, - - - - -                         | 75.00   |
| Admission to the dissecting room—material at cost price, - - - | 5.00    |

Admission tickets are issued only to holders of the general ticket.

Practical chemistry—chemicals at cost price, - - - - - 5.00

Examination for degree—fee not returnable, - - - - - 30.00

(There is no graduation fee.)

From Alumni of this College, and from its students who have taken and paid for two full courses of lectures, the matriculation fee only (\$5.00) will be expected. From alumni of other respectable medical colleges the matriculation fee and one-half lecture fee will be required.

Tickets for the Cook County Hospital and for the Eye and Ear

Infirmery—good for one year—each, - - - - - \$ 5.00

### FEES FOR THE SPRING COURSE.

Matriculation fee (good till the following March,) - - - - - \$ 5.00

Lecture tickets, - - - - - 20.00

This amount will be deducted from the lecture fees of the next following winter session.

Graduates of the college are admitted on payment of the matriculation fee only; graduates of other regular medical colleges on payment of matriculation fee and ten dollars.

Fee for Practical Chemistry, (students will also pay for chemicals used—at cost price) - - - - - \$ 5.00

There is no fee for Practical Anatomy—except for material, at cost price.

Tickets for the Cook County Hospital, and for the Eye and Ear

Infirmery, good for one year, each - - - - - \$ 5.00

### DIRECTIONS TO STUDENTS.

Students will matriculate, and obtain their tickets at the College, from the Treasurer, Professor Gunn, or from Mr. Frank J. Gould, College Clerk.

Students may select their seats in the lecture rooms when they take their tickets, or the Treasurer will select for them, on receipt of the matriculation fee previous to the opening of the session; *but seats thus pre-empted, if not occupied before the end of the second week of the winter term, will be forfeited and assigned to students who are present to occupy them.*

The College Clerk may be seen in the college building, and will aid in obtaining boarding places, rooms, etc.

For further information address the Secretary, Prof. J. H. Etheridge, M. D., No. 603 Michigan avenue.

### **BOARD AND ROOMS.**

Good board, with rooms, and all the usual accommodations, can be obtained at rates varying from \$3.00 to \$5.00 per week. By associating in clubs, students may supply themselves with good accommodations at a material reduction from ordinary rates. Day board \$2.50.

THE ALUMNI ASSOCIATION  
OF  
RUSH MEDICAL COLLEGE.

---

OFFICERS FOR THE YEAR 1879-80.

PRESIDENT.

ROBERT MCARTHUR, M. D., OF OTTAWA, ILL.

VICE-PRESIDENTS.

WILLIAM FOX, M. D., OF MILWAUKEE,  
HAROLD N. MOYER, M. D.

SECRETARY AND TREASURER.

E. FLETCHER INGALS, M. D., OF CHICAGO.

EXECUTIVE COMMITTEE.

NORMAN BRIDGE, M. D., V. L. HURLBUT, M. D.,  
F. A. EMMONS, M. D.

---

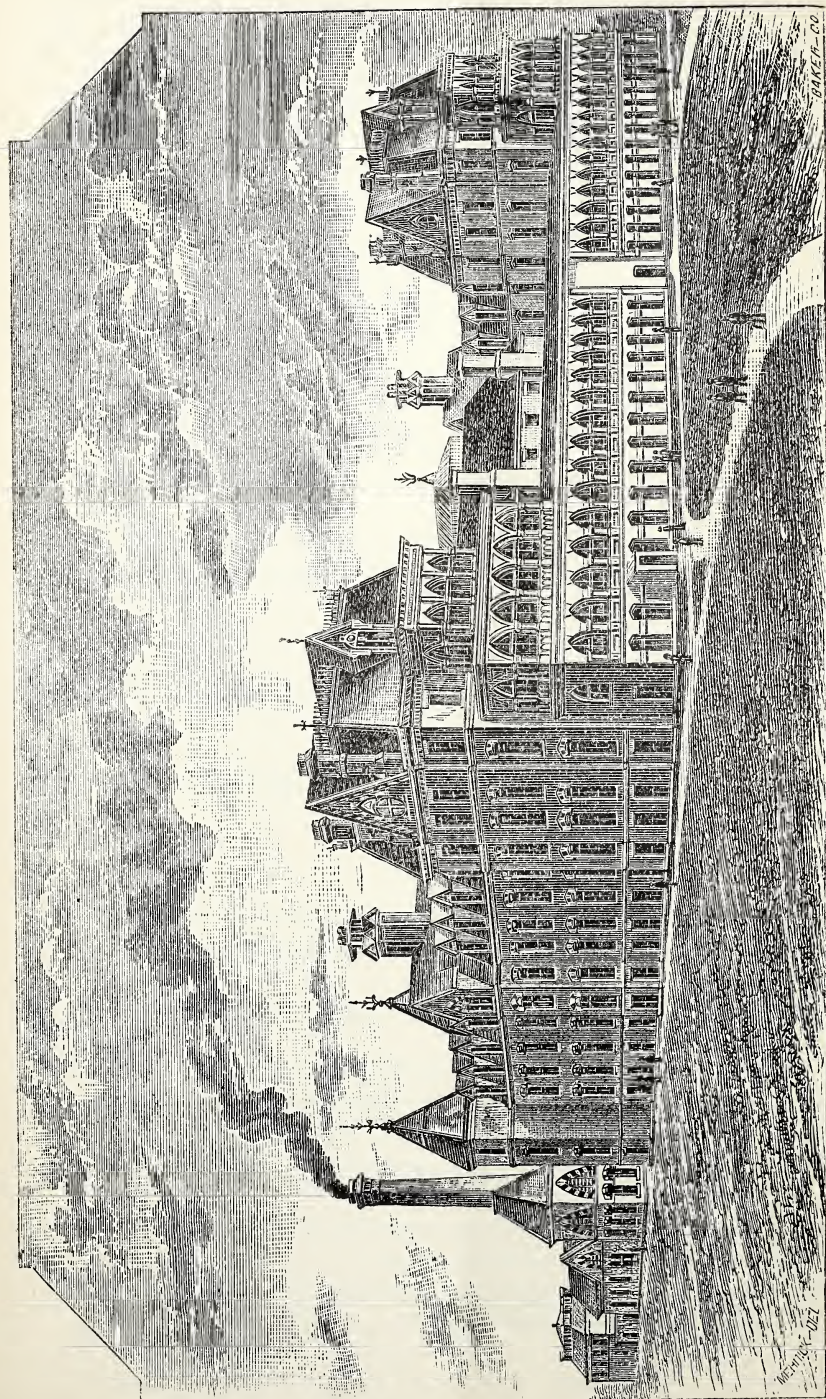

The next annual meeting and banquet of the Alumni Association of Rush Medical College, will be held on "Commencement Day," Tuesday, February 24th, 1880, at 7.30 p. m.

The election of officers and transaction of other business will precede the banquet.

All Alumni in good standing are invited to the banquet by the Faculty of the College. It should be especially understood that all expenses of the banquet are borne by the Faculty. The annual dues (\$1.00) are devoted to printing the proceedings of the meetings and to such other purposes as the association may determine.

The last reunion was an occasion as delightful as it was profitable to the large number of Alumni who were present.

Graduates are requested to notify the Secretary of the College, Prof. J. H. Etheridge, of changes of residence.

# COLLEGE CALENDAR,

## 1880.

---

The College year commences,        -   -   -        March 1st.

---

The Post Graduate Course opens,        -   -        January 20.

“   “   “   “   closes,   -   -   -        Feb. 23.

Final examinations for Graduation are held during  
the week ending        -   -   -   -   -        Feb. 21.

Final examinations (for three years students) in Anat-  
omy, Physiology, Chemistry, Materia Medica,  
(see page 10.)        -   -   -   -   -        Feb. 21.

ANNUAL COMMENCEMENT half-past two p. m.        -        Feb. 24.

Annual Meeting of Alumni Association, 7:30 p. m.        24.

The Spring Course opens,        -   -   -   -        March 4.

“   “   “   closes,        -   -   -   -        June 24.

The Preliminary Course opens,        -   -   -        Sept. 14.

“   “   “   closes,        -   -   -        Sept. 28.

THE REGULAR WINTER COURSE 1880-81 opens        Sept. 28.

“   “   “   “   “        closes Feb. 22, 1881.

THIRTY-EIGHTH ANNUAL ANNOUNCEMENT

OF

RUSH MEDICAL COLLEGE,

CHICAGO,

FOR THE

SESSION OF 1880-81.

---

THE COLLEGE IS LOCATED ON THE CORNER OF WEST HARRISON  
AND WOOD STREETS,

OPPOSITE THE NEW COOK COUNTY HOSPITAL.

---

CHICAGO  
BULLETIN PRINT, 104 AND 106 MADISON STREET.  
1880.

THE ALUMNI ASSOCIATION  
OF  
RUSH MEDICAL COLLEGE.

---

OFFICERS FOR THE YEAR 1880-81.

PRESIDENT,

SOLON MARKS, M. D., OF MILWAUKEE, WIS.

VICE-PRESIDENTS,

W. C. HUNT, M. D., OF CHICAGO.

S. T. FERGUSON, M. D., OF OMAHA, NEB.

SECRETARY AND TREASURER,

E. FLETCHER INGALS, M. D., OF CHICAGO.

EXECUTIVE COMMITTEE.

J. NEVINS HYDE, M. D.,                      T. D. FITCH, M. D.,  
F. HENROTIN, M. D.

---

The next annual meeting and banquet of the Alumni Association of Rush Medical College, will be held on "Commencement Day," Tuesday, February 22d, 1881, at 7½ o'clock, P. M.

The election of officers and transaction of other business will precede the banquet.

All Alumni in good standing are invited to the banquet by the Faculty of the College. It should be especially understood that all expenses of the banquet are defrayed by the Faculty. The annual dues are devoted to printing the proceedings of the meetings and to such other purposes as the Association may determine.

Members of the association who have not already paid their dues should forward the amount (\$1.00) to Dr. E. Fletcher Ingals, 188 Clark street, Chicago, to secure a copy of the transactions of the last meeting. All alumni of the College who are in good standing in the profession are requested to join the Association, which each one may do by forwarding his name and \$1.00 to the Secretary of the association.

In writing to the Secretary always state the date of graduation.

---

Graduates are requested to notify the Secretary of the College, Prof. J. H. Etheridge, of changes of residence.

The usual Commencement exercises of the College will be held Tuesday, February 22d, at 2½ o'clock P. M.

College Clerk

# ANNUAL ANNOUNCEMENT

FOR THE SESSION OF 1880-81.

---

THE THIRTY-EIGHTH ANNUAL SESSION OF RUSH MEDICAL COLLEGE will commence Tuesday evening, September 28th, 1880, and will continue twenty-one weeks.

Instruction in this institution is given by lectures, clinics, practical work in the dissecting room and laboratories, and by repeated oral examinations.

---

## THREE YEARS' COURSE.

The Faculty desire that as many as possible of the matriculates of this institution shall pursue their studies in the college during three winter and three spring terms. To encourage this more extended curriculum of college study, final examinations in descriptive anatomy, physiology, chemistry, materia medica and therapeutics, are offered to three years' students at the end of the second winter session.

To every graduate who has studied, as above recommended, three full winter terms and at least one spring term, will be awarded in addition to the diploma, a certificate of honor, signed both by the Faculty of the college and by the Spring Faculty. All who intend to pursue this course are requested to signify such intention at the time of matriculation.

## COURSE OF STUDY.

Students of the college, and those who are pursuing their studies elsewhere with the intention of completing their collegiate course at this institution, are urged to follow the schedule of lectures and studies presented on the next page.

The daily order of lectures and clinics at the hospital and dispensaries will be arranged, as far as possible, in accordance with this schedule, not only to accommodate beginners, but, also, advanced students, and practitioners who desire to review their studies.

As the spring course has become a most important addition to the college work, the period of study required for graduation

is divided into six terms. The following schedule of studies has been adapted to the wants and convenience of students during each period of their progress, whether they are in the college or preparing to enter. There is reason to believe that it is of far greater advantage to the student, during his collegiate course, to study and carefully review a single text-book in each department of medicine, than cursorily to read several. Students are, therefore, recommended to confine their reading to those text-books, and those portions of the same designated in this schedule as suitable for each term.

#### TEXT BOOKS FOR STUDY.

Gray's Anatomy. Heath's Dissector. Foster's Physiology. Attfield's Chemistry. Bristowe's Practice of Medicine. Druitt's Surgery, for beginners; Gross' or Erichsen's, for advanced students. Playfair's Obstetrics. Atthill's Diseases of Women. Bartholow's Materia Medica. Green's Pathology. Williams' or Carter's Diseases of the Eye. Frey's Compendium of Histology. Smith on Diseases of Children.

Practitioners who receive students are recommended to direct their studies in accordance with the following schedule and to use the above text-books.

#### SCHEDULE OF STUDIES.

##### FIRST TERM—SPRING.

LECTURES:—*Anatomy*—Cells, Fibres, Membranes, Viscera, and Long Bones. *Physiology*—Blood, Circulation, Respiration. *Inorganic Chemistry*, with Laboratory work.

Dissection of the Viscera; study of the Long Bones. Surgical Clinics at the College, Hospital and Dispensary.

##### SECOND TERM—WINTER.

LECTURES:—*General Anatomy*—*Materia Medica*, *Physiology*—Alimentation, Digestion, Absorption. *Inorganic Chemistry*, with Laboratory work. *Surgery*—Ulceration and Suppuration, and their results.

Surgical Clinics. Dissection of the external soft parts. Study of the Bones. Practice in Auscultation and Percussion of the Normal Chest and Abdomen.

##### THIRD TERM—SPRING.

LECTURES:—*General Anatomy*—Bones—External soft parts. *Chemistry*—Laboratory work—Analysis, Urinalysis.

*Physiology*—Secretion, Nutrition, Movements. *Surgery*—Surgical Dressings and Appliances. *Principles and Practice of Medicine*—Congestion, Inflammation and its results, Fever—*Materia Medica*.

Exercises in normal and abnormal Auscultation and Percussion. Dissection of the external soft parts. Special Dissection of the Pelvis, and its organs, and of the Fœtus. Medical and Surgical Clinics.

#### FOURTH TERM—WINTER.

LECTURES:—*General Anatomy*—Regional Dissections, Brain and Spinal Column, Histology. *Physiology*—Nervous System, Reproduction. *Organic Chemistry*—Laboratory. *Materia Medica*, *Surgery*, *Principles and Practice of Medicine*, *Obstetrics*—Generation, Fœtal Development, Normal Parturition.

Exercises in bandaging and application of splints. Anatomy and Physiology of the Eye and Ear. Exercises in Auscultation and Percussion. Medical and Surgical Clinics. Pathology and Post Mortem Examination.

(Final examinations in Descriptive Anatomy, Physiology, Chemistry, *Materia Medica* and Therapeutics for those who take three winter courses.)

#### FIFTH TERM—SPRING.

LECTURES:—*Anatomy*, *Physiology*, *Chemistry*, *Materia Medica*, *Surgery*, *Principles and Practice of Medicine*, *Obstetrics*.

Regional Dissections, Chemical Laboratory Work, Toxicology and Special Researches.

Clinics, general and special; Diseases of Women and Children. Pathology and Post Mortem Examinations.

#### SIXTH TERM—WINTER.

All Lectures and Clinics. Regional Dissections; Post Mortem Examinations. General Review.

(Students who have passed the final examination in the elementary branches at the end of the fourth term, may devote their third year especially to the practical branches and to clinics.)

#### PRACTICAL CHEMISTRY.

The college is provided with a thoroughly furnished students' laboratory for practical chemistry.

Professor Haines will give a special course in practical chemistry, devoting to the work three afternoons of each week. The course will include a series of experiments in qualitative analysis, urinalysis and toxicology. The student will make the analyses and examinations himself, under the supervision of the Professor.

Since a course in practical chemistry has been made one of the requirements for graduation in this college, students will find the spring term a most convenient time for the pursuit of this study.

#### **PRACTICAL ANATOMY.**

The very best advantages for the practical study of anatomy, including osteology, will be afforded. Material in abundance will be provided.

#### **PRACTICAL PHYSIOLOGY.**

The Physiological Laboratory is abundantly supplied with microscopes and other apparatus for study, and will be open for work during the winter and spring courses. A course of lessons in Histology and Practical Microscopy will be given.

#### **CLINICAL INSTRUCTION.**

##### **IN THE COLLEGE BUILDING.**

A Surgical clinic will be given by Professor Gunn every Saturday; a clinic on Diseases of the Chest by Professor Ross, and one on Diseases of the Nervous System by Professor Lyman, every Thursday; a clinic on Skin and Venereal Diseases by Prof. Hyde, and a Medical clinic by Dr. Bridge every Monday; and a clinic on Orthopædic Surgery by Prof. Owens every Saturday, immediately after Prof. Gunn's clinic, all continuing throughout the year.

##### **DISEASES OF CHILDREN.**

Prof. Miller, aided by Dr. J. S. Knox, Clinical Adjunct, will also give before the entire class in the amphitheater one special clinic each week throughout the year on DISEASES OF CHILDREN.

##### **GYNÆCOLOGY.**

Prof. Byford, with Professors T. D. Fitch, D. T. Nelson and Dr. P. Adolphus, as Clinical Adjuncts, has organized a daily clinic in the college building, for the special instruction of the graduating class in CLINICAL GYNÆCOLOGY.

The class will be so subdivided into small sections that each

student will have extensive opportunities for the practical study of this important subject.

In addition to these daily clinics before small sections of the graduating class, Prof. Byford will give each week one public clinic, when the most interesting cases will be presented.

#### DISEASES OF THE EYE AND EAR.

Prof. Holmes, with the assistance of Dr. W. T. Montgomery, will give, throughout the year, a weekly clinic, in the amphitheater, on DISEASES OF THE EYE AND EAR.

Prof. Holmes will also give private instruction in the use of the ophthalmoscope, the adaptation of spectacles, and methods of examining the ear.

#### THE COUNTY HOSPITAL.

(OPPOSITE THE COLLEGE BUILDING.)

The hospital, standing on a block of twelve acres of land, has been erected at a cost of nearly half a million dollars.

The amphitheater of the hospital, with a seating capacity for six hundred persons, is the clinic room in which all the surgical, medical and special clinics are held. More than two thousand patients were treated at the hospital during the past year; nearly two hundred important surgical operations were performed, of which forty were capital amputations.

In the rear of the amphitheater is the Mortuary or Necropsy Theater, in which are held all the post mortem examinations of the hospital. Most ample opportunities will be given for the complete study of the gross as well as of the microscopic appearances produced by disease.

#### THE FOLLOWING IS THE STAFF OF THE HOSPITAL:

##### SURGEONS.

MOSES GUNN, M. D., C. T. PARKES, M. D., R. N. ISHAM, M. D.,  
E. W. LEE, M. D., A. J. BAXTER, M. D.

##### PHYSICIANS.

NORMAN BRIDGE, M. D., J. H. HOLLISTER, M. D.,  
S. A. McWILLIAMS, M. D., H. P. MERRIMAN, M. D.

##### OPHTHALMOLOGIST.

S. D. JACOBSON, M. D.

##### GYNÆCOLOGISTS

J. GUERIN, M. D., D. A. K. STEELE, M. D.

##### PATHOLOGIST.

C. FENGER, M. D.

**AT THE ILLINOIS CHARITABLE EYE AND EAR INFIRMARY.**

CORNER OF PEORIA AND ADAMS STREETS.

This large institution affords almost unlimited facilities for the clinical study of Diseases of the Eye and Ear.

During the past year more than 1,600 patients received treatment at the Infirmary; 270 operations were performed.

Regular clinics will be given during each week of the session by Drs. Holmes, Hotz and Jones.

**AT THE CENTRAL DISPENSARY.**

Extraordinary opportunities are offered to students and practitioners for clinical instruction at the Central Free Dispensary, which occupies the first floor of the college building. More than six thousand different patients received treatment in this dispensary during the past year. Patients are classified according to their diseases. Every opportunity is afforded for the study of specialties.

One clinic will be given weekly, by each of the following named gentlemen :

Dr. Ingals on Diseases of the Chest and Throat ; Dr. W. J Maynard and Dr. R. D. MacArthur, on Skin and Venereal Diseases ; Dr. R. S. Hall and Dr. C. W. Earle, on Diseases of Children ; Dr. E. B. Loomis and Dr. D. W. Graham, on Surgery ; Dr. W.T. Montgomery, on Diseases of the Eye and Ear.

**PRACTICAL OBSTETRICS.**

The Lying-in Department of the Central Free Dispensary has been organized under the immediate care of Dr. P. Adolphus.

Advanced students will have opportunities, at trifling expense, for the study of practical obstetrics at the bedside.

**HOSPITAL INTERNES.**

Positions of Internes in the Cook County Hospital, and the St. Luke's Hospital, are open each spring to students who graduate and pass a competitive examination held by the respective hospital staffs.

The occupants of these positions receive their board and lodging, and secure an extensive experience in every department of practical medicine and surgery.

**SPRING COURSE.**

The Faculty ask special attention to the great advantages offered by the Spring Course, beginning the first Wednesday in

March, and continuing sixteen weeks. It consists of lectures and recitations at the college, practical work in the laboratories and dissecting room, and clinical instruction at the hospital and dispensaries.

At the close of each term, students will be examined and will receive certificates of attendance and grade of examination, marked on a scale of ten. The grade will indicate the average standing in all the departments attended. Students who prefer to attend only a part of the branches taught according to the schedule of studies above presented, may do so, and be relieved from examinations in other departments. In the studies taken a corresponding higher standing will be demanded for a given grade.

This course cannot be accounted as a "course of lectures," in the requirements for graduation. How highly this course has been appreciated may be known from the fact that 126 students matriculated in the spring term of 1878, 187 in that of 1879, and 227 in that of 1880.

It is a source of satisfaction to the Faculty, as it must be to all friends of the college, that so many young men are impressed with the importance of spending two terms each year in their professional study.

#### EXAMINATIONS.

The regular examinations for a degree are held only once annually, during the last week of the winter session.

Students, however, who will enter the college for at least three full winter terms of study may receive their final examination in Descriptive Anatomy, Physiology, Chemistry, *Materia Medica*, and Therapeutics at the close of the second winter term. This will enable them to devote special attention to clinics and the practical branches during the third winter session. Those students who take the three winter courses and desire to be examined in the elementary branches, as above indicated, will be required to advance one half of the examination fee. (See fees, page 13.)

Students who have failed in their examination for the degree of doctor of medicine may receive their diplomas at the close of the spring term on passing a second examination in those branches in which they were deficient. There will be no fee for the second examination.

**GRADUATION.**

The following are the requirements for the degree of Doctor of Medicine:

1st. The candidate must be twenty-one years of age, and must give satisfactory evidence of possessing a good moral character, with such primary education as is clearly requisite for a proper standing with the public and the profession.

2d. He must have pursued the study of medicine three years, and have attended at least two full courses of lectures, of which the first one may have been in some other recognized medical college, and the last in this institution. The lectures of the spring term cannot be accounted as a "course of lectures" in this requirement.

3d. He must have attended clinical instruction during at least one college term.

4th. He must have pursued the study of Practical Anatomy, under the direction of the Demonstrator, and to the extent of having dissected each region of the body.

5th. He must have taken one course in Practical Chemistry under the direction of the Professor of Chemistry.

6th. He must notify the Secretary of the Faculty of his intention to become a candidate, depositing the amount of the examination fee with the Treasurer on or before the 20th day of January.

7th. Every candidate must undergo a full and satisfactory written or oral examination on each branch taught in the college.

**FEES FOR THE ANNUAL WINTER COURSE.**

Matriculation fee (good till the following March) - - \$ 5.00

Lecture fees for the course, - - - - - 75.00

Admission to the dissecting room till the following  
March—material at cost price, - - - - - 5.00

Admission tickets are issued only to holders of the general ticket.

Practical chemistry—chemicals at cost price, - - 5.00

Examination for degree—fee not returnable, - - - 30.00

Three years' students, examined at the end of their second winter, must advance one half of this fee.

(There is no graduation fee.)

From Alumni of this college, and from its students who have taken and paid for two full courses of lectures, the matriculation

fee only (\$5.00) will be expected. From alumni of other respectable medical colleges the matriculation fee and one-half lecture fee will be required.

Tickets for Cook County Hospital and for the Eye and Ear Infirmary—good for one year—each, - - - \$ 5.00

#### FEES FOR THE ANNUAL SPRING COURSE.

Matriculation fee (good till the following March) - \$ 5.00

Lecture tickets, - - - - - 20.00

This amount will be deducted from the fees of the next following winter session.

Graduates of the college are admitted on payment of the matriculation fee only; graduates of other regular medical colleges on payment of matriculation fee and ten dollars.

Fee for Practical Chemistry (students will also pay cost price for chemicals used), - - - - - 5.00

Admission to the dissecting room for one year—material at cost price, - - - - - 5.00

Tickets for the Cook County Hospital, and for the Eye and Ear Infirmary, good for one year, each - - 5.00

#### DIRECTIONS TO STUDENTS.

Students will matriculate, and obtain their tickets at the college, from the Treasurer, Professor Gunn, or from Mr. Frank J. Gould, College Clerk.

Students may select their seats in the lecture rooms when they take their tickets, or the Treasurer will select for them, on receipt of the matriculation fee previous to the opening of the session; *but seats thus pre-empted, if not occupied before the end of the second week of the winter term, will be forfeited and assigned to students who are present to occupy them.*

The College Clerk may be seen in the college building, and will aid in obtaining boarding places, rooms, etc.

For further information address the Secretary, Prof. J. H. Etheridge, M. D., No. 1634 Michigan avenue.

#### BOARD AND ROOMS.

Good board, with rooms, and all the usual accommodations, can be obtained at rates varying from \$3.00 to \$5.00 per week. By associating in clubs, students may supply themselves with

good accommodations at a material reduction from ordinary rates. Day board \$3.00.

Students will find a good assortment of medical books and surgical instruments in this city. The following books of reference, among others, are recommended :

*Chemistry*.—Attfield.

*Anatomy*.—Gray, Gobrecht's Wilson, Heath's Dissector.

*Physiology*.—Foster, Carpenter (edition of 1877).

*Materia Medica and General Therapeutics*.—Bartholow, The National Dispensatory, Ringer, Binz.

*Medical Jurisprudence*.—Elwell, Taylor, Beck, Casper.

*Obstetrics*.—Cazeaux, Byford, Playfair.

*Diseases of Women*.—Byford on the Uterus, Barnes, Emmet.

*Diseases of Children*.—Smith, Vogel, Meiggs and Pepper.

*Surgery and Surgical Pathology*.—Gross, Erichsen, Druitt, Paget, Bryant.

*Practice of Medicine*.—Flint, Bristowe, Niemeyer, Harts-horne's Watson.

*Pathology*.—Green, Rindfleisch, Wagner, Billroth.

*Clinical Medicine*.—Bennett, Trousseau, Graves.

*Diseases of the Heart*.—Flint, Walsh.

*Diseases of the Lungs*.—Walsh, Fuller.

*Surgical Anatomy*.—MacLise, Herting.

*Microscopical Anatomy*.—Stricker, Frey's Compendium, Schæfer.

*Ophthalmology*.—Williams, Wells, Stellwag, Carter.

*Otology*.—Roosa, Von Trœltzsch, Burnett.

*Orthopædic Surgery*.—Sayre's Orthopædic Surgery and Diseases of the Joints.

*Dermatology*.—Duhring.

#### PRACTITIONERS' COURSE.

The Practitioners' Course of lectures in this college will commence on Tuesday April 5th, 1881, and conclude on the second of the following May, thus continuing four weeks.

The Faculty desire to announce distinctly that this Course is for the special benefit of practitioners of medicine, graduates or non-graduates, and is wholly distinct from the lectures to students in the college curriculum. A certificate of attendance, signed by the Faculty of the college, is granted at the conclusion of the course, to previous graduates in medicine.

The upper auditorium of the college building will be devoted exclusively to the use of practitioners during these lectures, which will thus be entirely separate from the annual spring course attended by students in the lower amphitheater. A requisite portion of the dissecting room will also, during the month, be exclusively allotted to those in attendance who desire to dissect or to perform the operations of surgery. All such operations will be performed under the supervision of the Professor. An abundance of material, both for operations and dissections, will be supplied at cost.

Lectures will be given by the Faculty on the subjects named below :

Prof. Allen, on Recent Progress in Practical Medicine.

Prof. Miller, on Obstetric Operations and Diseases of Children.

Prof. Gunn, on Dislocations of Hip and Shoulder, and some of the more important Fractures and Operations, with Practical Demonstrations.

Prof. Ross, on the more recent Methods of Clinical Investigation.

Prof. Byford will present Such Subjects in connection with Gynæcology as are of special interest to the General Practitioner.

Prof. Holmes, on The Diagnosis and Treatment of important Diseases of the Eye and Ear.

Prof. Lyman, on Obscure Diseases of the Nervous System.

Prof. Etheridge, on New Remedies.

Prof. Parkes, on External Surgical Landmarks, with Regional Demonstrations on the Body.

Prof. Haines, Full Practical Instruction in Urinalysis, both Chemical and Microscopical.

Prof. Hyde, on The Skin and Venereal Diseases of most Frequent Occurrence.

Prof. Owens, on the Surgical Treatment of Diseases of the Joints, and the Adjustment and Uses of Apparatus for correcting Deformities.

Four lectures will be given daily, between the hours of 8 A. M. and 12 M. From 2 to 4 P. M. of each day the regular college, dispensary, and hospital clinics will be held. At these clinics, seats will be reserved in the arena of the college amphitheaters for practitioners in attendance, thus affording them the amplest opportunities for practical observation and study.

In addition to this, practical instruction will be given each day in Gynæcology, by the clinical adjuncts of that chair, Drs. Fitch, Nelson and Adolphus. Facilities are thus extended for intimate personal examination of a large number of interesting cases in this department.

At the conclusion of the clinical hours, daily lectures will be given from 4 to 5 P. M. by Dr. Danforth, on The Diseases of the Kidney ; by Dr. Wadsworth, on Physiological and Histological Demonstrations by the Aid of the Microscope ; and by Dr. Ingals, on The Use of the Laryngoscope in the Recognition of Diseases of the Larynx. These lectures will be in the form of practical demonstrations.

Fees for the entire course, including matriculation, clinical instruction, and use of dissecting room (material only extra and at cost,) thirty dollars. Tickets can be had at any time by applying to the clerk of the college, Mr. Frank J. Gould, at the college building, corner of Wood and Harrison streets, either in person or by letter.

# THE ASSOCIATION OF AMERICAN MEDICAL COLLEGES.

ARTICLE IX of its By-Laws: "Medical Colleges belonging to this Association shall publish the articles of confederation in their annual catalogues, for at least three consecutive years after joining the Association."

## ARTICLES OF CONFEDERATION.

*(To be Subscribed and Conformed to by all the Colleges of the Association.)*

### ARTICLE I. OF THE FACULTY.

The medical members of the Faculty must be REGULAR graduates or licentiates and practitioners of medicine, in good standing, using the word "regular" in the sense commonly understood in the medical profession.

### ARTICLE II. OF TUITION.

SECTION 1. The scheme of tuition shall provide for a yearly systematic course of instruction, covering the general topics of Anatomy, including Dissections, Physiology, Chemistry, Materia Medica and Therapeutics, Obstetrics, Surgery, Pathology and Practice of Medicine. The collegiate session, wherein this course is given, shall be understood as the "regular" session.

SEC. 2. Said regular session shall not be less than twenty weeks in duration. This section to go in force at and after the session of 1879-80.

SEC. 3. Not more than one regular session, counting the regular session as one of the two courses of instruction required for graduation, shall be held in the same year.

### ARTICLE III. REQUIREMENTS FOR GRADUATION.

No person, whether a graduate in medicine or not, shall be given a diploma of "Doctor of Medicine," who shall not have fulfilled the following requirements, EXCEPT as hereinafter provided for in Article IV:

1. He must produce satisfactory evidence of good moral character, and of having attained the age of twenty-one years.

2. He must file a satisfactory certificate of having studied medicine for at least two years under a REGULAR graduate, or licentiate and practitioner of medicine, in good standing, using the word "regular" in the sense commonly understood in the medical profession. No candidate shall be eligible for final examination for graduation, unless his term of three years' study shall have been completed, or shall expire at a date not later than three months after the close of the final examinations; this clause to take effect at and after the session of 1879-80.

3. He must file the proper official evidence that, during the above-mentioned two years, he has matriculated at some affiliated college or colleges for two regular sessions, and in the course of the same (except as provided in 4) has attended two full courses of instruction on the seven topics mentioned in Article II. But the LATTER, at least, of the two full courses must have been attended at the college issuing the diploma. No two consecutive courses of instruction shall be held as satisfying the above requirements, unless the time between the beginning of the first course and the end of the second is greater than fifteen months.

4. In case a college shall adopt a systematic graduated scheme of tuition, attendance on the whole of the same shall be equivalent to the requirements mentioned in 3, PROVIDED such scheme includes instruction in the seven topics mentioned in Article II, and requires attendance at at least two yearly regular Collegiate Sessions of not less than twenty weeks' duration each.

5. The candidate must have passed a personal examination before the Faculty on all seven of the branches of medicine mentioned in Article II.

6. He must have paid in full all college dues, including the graduation fee.

### ARTICLE IV. OF HONORARY DEGREES.

An honorary degree of "Doctor in Medicine" may be granted in numbers not exceeding one yearly, to distinguished physicians or scientific men of over forty years of age. But in such case the diploma shall bear across its face the word "Honorary," in conspicuous characters; and the same word shall always be appended to the name of the recipient in all lists of graduates.

### ARTICLE V. OF FEES.

SECTION 1. All fees shall be paid in lawful money, and no promissory notes or promises to pay shall be accepted in lieu of cash for payment of fees.

SEC. 2. No ticket, or other certificate of attendance upon college exercises, shall be issued to any student until the dues for the same shall have been fully paid.

SEC. 3. The established fees for the exercises of the regular session, except the matriculation fee, graduation fee, fee for dissections, may be reduced not more than one-half to graduates of other affiliated colleges of less than three years' standing, and to under-graduates of the same who have already attended two full courses of the instruction of the regular session.

SEC. 4. The same fees may be remitted altogether to a college's own alumni, to graduates of other affiliated colleges of three years' standing—the three years dating from the time of graduation, and ending at the close of the regular session for which the tickets are given—to under-graduates who have already attended two full courses of the instruction of the regular session, the latter of which, at least, shall have been in the college making the remission, and to theological students, when not candidates for a diploma.

SEC. 5. The same fees may be reduced or remitted to deserving indigent students, to a number not exceeding five per cent. of the number of matriculants at the previous regular session of the College.

SEC. 6. Under no circumstances whatever, other than the above, shall the Faculties, or any members of the same, grant UPON THEIR OWN AUTHORITY, any remissions or reductions of established fees. And it is distinctly understood and agreed that the Faculties will discountenance and oppose the authorizing, by Governing Boards, of the admission of individual students upon other than the regularly-established charges for their grade.

SEC. 7. Remission or reduction of fees for other exercises than those of the regular session—return to a student of any moneys after payment of fees, or any appropriation of funds of the College for payment of any student's fees, or part thereof, shall be deemed violation of the provisions of this article in regard to remission or reduction of fees.

#### ARTICLE VI. OF RECOGNITION OF OTHER COLLEGES.

No college shall admit to the privileges accorded in Articles III and V the students or graduates of any college, which during any period of the student's or graduate's pupillage shall have been excluded from the list of affiliated colleges recognized by the Association.

#### ARTICLE VII. AMENDMENTS.

Amendments to these articles shall be proposed and adopted in the manner prescribed for amendments to the Constitution.

At the meeting of the Association, held June 7, 1877, the following resolution was passed: "That each confederated college shall publish, in its annual circular and catalogue, the names of all confederated and affiliated colleges, beginning with their announcements for 1878-79."

CHICAGO  
BULLETIN PRINT, 104 AND 106 MADISON STREET.  
1880.

THE ALUMNI ASSOCIATION  
OF  
RUSH MEDICAL COLLEGE.

---

OFFICERS FOR THE YEAR 1880-81.

PRESIDENT,

OLON MARKS, M. D., OF MILWAUKEE, WIS.

VICE-PRESIDENTS,

W. C. HUNT, M. D., OF CHICAGO.

S. T. FERGUSON, M. D., OF OMAHA, NEB.

SECRETARY AND TREASURER,

E. FLETCHER INGALS, M. D., OF CHICAGO.

EXECUTIVE COMMITTEE.

J. NEVINS HYDE, M. D.,                      T. D. FITCH, M. D.,  
F. HENROTIN, M. D.

---

The next annual meeting and banquet of the Alumni Association of Rush Medical College, will be held on "Commencement Day," Tuesday, February 22d, 1881, at 7½ o'clock, P. M.

The election of officers and transaction of other business will precede the banquet.

All Alumni in good standing are invited to the banquet by the Faculty of the College. It should be especially understood that all expenses of the banquet are defrayed by the Faculty. The annual dues are devoted to printing the proceedings of the meetings and to such other purposes as the Association may determine.

Members of the association who have not already paid their dues should forward the amount (\$1.00) to Dr. E. Fletcher Ingals, 188 Clark street, Chicago, to secure a copy of the transactions of the last meeting. All alumni of the College who are in good standing in the profession are requested to join the Association, which each one may do by forwarding his name and \$1.00 to the Secretary of the association.

In writing to the Secretary always state the date of graduation.

---

Graduates are requested to notify the Secretary of the College, Prof. J. H. Etheridge, of changes of residence.

The usual Commencement exercises of the College will be held Tuesday, February 22d, at 2½ o'clock P. M.

## BOARD OF TRUSTEES.

---

L. C. P. FREER, Esq., PRESIDENT.

HON. GRANT GOODRICH, LL. D., SECRETARY.

MOSES GUNN, M. D., TREASURER.

HENRY M. LYMAN, M. D., ASSISTANT SECRETARY.

J. ADAMS ALLEN, M. D.,

DELA SKIE MILLER, M. D.,

JOSEPH P. ROSS, M. D.,

HON. JOHN C. HAINES,

EDWARD L. HOLMES, M. D.,

JAMES H. ETHERIDGE, M. D.,

R. C. HAMILL, M. D.,

HON. A. E. BISHOP.

HIS EXCELLENCY, S. M. CULLOM, *Governor*,

HON. W. A. JAMES, *Speaker H. R.*,

J. ADAMS ALLEN, M. D., LL. D., *Pres. of College.* } *Ex-Officio.*

# FACULTY.

---

J. ADAMS ALLEN, M. D., LL. D., PRESIDENT,

Professor of the Principles and Practice of Medicine,  
1456 Michigan Avenue.

DELASKIE MILLER, PH. D., M. D.,

Professor of Obstetrics and Diseases of Children,  
2011 Wabash Avenue.

MOSES GUNN, M. D., LL. D.,

Professor of the Principles and Practice of Surgery and Clinical Surgery,  
2101 Calumet Avenue.

JOSEPH P. ROSS, A. M., M. D.,

Professor of Clinical Medicine and Diseases of the Chest,  
428 West Washington Street.

WILLIAM H. BYFORD, A. M., M. D.,

Professor of Gynæcology,  
125 State Street.

EDWARD L. HOLMES, A. M., M. D.,

Professor of Diseases of the Eye and Ear,  
207 S. Clark Street, N. E. cor. of Adams Street.

HENRY M. LYMAN, A. M., M. D.,

Professor of Physiology and of Diseases of the Nervous System,  
533 West Adams Street.

JAMES H. ETHERIDGE, A. M., M. D., SECRETARY,

Professor of Materia Medica and of Medical Jurisprudence,  
1634 Michigan Avenue.

CHARLES T. PARKES, M. D.,

Professor of Anatomy,  
125 State Street.

WALTER S. HAINES, M. D.,

Professor of Chemistry and Toxicology,  
Rush Medical College.

JAMES NEVINS HYDE, A. M., M. D.,

Professor of Skin and Venereal Diseases,  
117 S. Clark Street.

JOHN E. OWENS, M. D.,

Professor of Orthopædic Surgery,  
1806 Michigan Avenue.

FRANCIS L. WADSWORTH, M. D.

Adjunct Professor of Physiology,  
131 Dearborn Avenue.

PROF. T. D. FITCH, M. D.,

296 West Monroe Street.

PROF. D. T. NELSON, M. D.,

2400 Indiana Avenue.

P. ADOLPHUS, M. D.,

638 West Washington Street.  
Clinical Adjuncts to the Chair of Gynæcology.

J. SUYDAM KNOX, M. D.,

Clinical Adjunct to the Chair of Diseases of Children,  
16 Loomis Street.

A. B. STRONG, A. M., M. D.,

Demonstrator of Anatomy,  
533 West Monroe Street.

## SPRING FACULTY.

ISAAC N. DANFORTH, M. D., PRESIDENT,

Lecturer on Pathology,

349 West Adams Street.

JOHN E. OWENS, M. D.,

Lecturer on Surgery,

1806 Michigan Avenue.

FRANCIS L. WADSWORTH, M. D., SECRETARY,

Lecturer on Physiology and Histology,

131 Dearborn Avenue.

E. FLETCHER INGALS, A. M., M. D.,

Lecturer on Diseases of the Chest and Physical Diagnosis,

188 S. Clark Street.

LAFAYETTE W. CASE, M. D.,

Lecturer on Dermatology and Venereal Diseases,

332 Division Street.

PHILIP ADOLPHUS, M. D.,

Clinical Instructor in Gynæcology,

628 West Washington Street.

NORMAN BRIDGE, M. D.,

Lecturer on the Principles and Practice of Medicine,

81 Throop Street.

EDW. WARREN SAWYER, A. M., M. D.,

Lecturer on Obstetrics and Diseases of Children,

3701 Vincennes Avenue.

ALBERT B. STRONG, A. M., M. D.,

Lecturer on Anatomy,

533 West Monroe Street.

J. SUYDAM KNOX, A. M., M. D.,

Lecturer on Materia Medica and General Therapeutics,

16 Loomis Street.

JAMES NEVINS HYDE, A. M., M. D.

Lecturer on the Diseases of the Genito-Urinary Organs,

117 S. Clark Street.

R. S. SUTTON, M. D.,

Lecturer on Gynæcology,

Rush Medical College.

A. B. STRONG, A. M., M. D.,

D. W. GRAHAM, A. M., M. D.,

Assistants in Clinical Surgery.

CHARLES G. SHIPMAN,

Registrar of the Surgical Clinic.

W. S. HARROUN, M. D.,

Assistant to the Chair of Clinical Medicine.

WM. T. BELFIELD, M. D.,

Demonstrator of Physiology.

LEWIS L. MCARTHUR, M. D.,

Demonstrator of Chemistry.

F. E. SHERMAN, M. D.,

E. W. WHITNEY, A. B., M. D.,

Assistant Demonstrators of Anatomy

A. C. COTTON, M. D.,

Demonstrator of Materia Medica

E. P. MURDOCK, M. D.,

Curator of the Museum

MR. FRANK JORDAN GOULD,

College Clerk

# ANNUAL ANNOUNCEMENT

FOR THE SESSION OF 1880-81.

---

THE THIRTY-EIGHTH ANNUAL SESSION OF RUSH MEDICAL COLLEGE will commence Tuesday evening, September 28th, 1880, and will continue twenty-one weeks.

Instruction in this institution is given by lectures, clinics, practical work in the dissecting room and laboratories, and by repeated oral examinations.

---

## THREE YEARS' COURSE.

The Faculty desire that as many as possible of the matriculates of this institution shall pursue their studies in the college during three winter and three spring terms. To encourage this more extended curriculum of college study, final examinations in descriptive anatomy, physiology, chemistry, materia medica and therapeutics, are offered to three years' students at the end of the second winter session.

To every graduate who has studied, as above recommended, three full winter terms and at least one spring term, will be awarded in addition to the diploma, a certificate of honor, signed both by the Faculty of the college and by the Spring Faculty. All who intend to pursue this course are requested to signify such intention at the time of matriculation.

## COURSE OF STUDY.

Students of the college, and those who are pursuing their studies elsewhere with the intention of completing their collegiate course at this institution, are urged to follow the schedule of lectures and studies presented on the next page.

The daily order of lectures and clinics at the hospital and dispensaries will be arranged, as far as possible, in accordance with this schedule, not only to accommodate beginners, but, also, advanced students, and practitioners who desire to review their studies.

As the spring course has become a most important addition to the college work, the period of study required for graduation

is divided into six terms. The following schedule of studies has been adapted to the wants and convenience of students during each period of their progress, whether they are in the college or preparing to enter. There is reason to believe that it is of far greater advantage to the student, during his collegiate course, to study and carefully review a single text-book in each department of medicine, than cursorily to read several. Students are, therefore, recommended to confine their reading to those text-books, and those portions of the same designated in this schedule as suitable for each term.

#### TEXT BOOKS FOR STUDY.

Gray's Anatomy. Heath's Dissector. Foster's Physiology. Attfield's Chemistry. Bristowe's Practice of Medicine. Druitt's Surgery, for beginners; Gross' or Erichsen's, for advanced students. Playfair's Obstetrics. Atthill's Diseases of Women. Bartholow's Materia Medica. Green's Pathology. Williams' or Carter's Diseases of the Eye. Frey's Compendium of Histology. Smith on Diseases of Children.

Practitioners who receive students are recommended to direct their studies in accordance with the following schedule and to use the above text-books.

#### SCHEDULE OF STUDIES.

##### FIRST TERM—SPRING.

LECTURES:—*Anatomy*—Cells, Fibres, Membranes, Viscera, and Long Bones. *Physiology*—Blood, Circulation, Respiration. *Inorganic Chemistry*, with Laboratory work.

Dissection of the Viscera; study of the Long Bones. Surgical Clinics at the College, Hospital and Dispensary.

##### SECOND TERM—WINTER.

LECTURES:—*General Anatomy*—*Materia Medica*, *Physiology*—Alimentation, Digestion, Absorption. *Inorganic Chemistry*, with Laboratory work. *Surgery*—Ulceration and Suppuration, and their results.

Surgical Clinics. Dissection of the external soft parts. Study of the Bones. Practice in Auscultation and Percussion of the Normal Chest and Abdomen.

##### THIRD TERM—SPRING.

LECTURES:—*General Anatomy*—Bones—External soft parts. *Chemistry*—Laboratory work—Analysis, Urinalysis.

*Physiology*—Secretion, Nutrition, Movements. *Surgery*—Surgical Dressings and Appliances. *Principles and Practice of Medicine*—Congestion, Inflammation and its results, Fever—*Materia Medica*.

Exercises in normal and abnormal Auscultation and Percussion. Dissection of the external soft parts. Special Dissection of the Pelvis, and its organs, and of the Fœtus. Medical and Surgical Clinics.

#### FOURTH TERM—WINTER.

LECTURES:—*General Anatomy*—Regional Dissections, Brain and Spinal Column, Histology. *Physiology*—Nervous System, Reproduction. *Organic Chemistry*—Laboratory. *Materia Medica, Surgery, Principles and Practice of Medicine, Obstetrics*—Generation, Fœtal Development, Normal Parturition.

Exercises in bandaging and application of splints. Anatomy and Physiology of the Eye and Ear. Exercises in Auscultation and Percussion. Medical and Surgical Clinics. Pathology and Post Mortem Examination.

(Final examinations in Descriptive Anatomy, Physiology, Chemistry, *Materia Medica* and Therapeutics for those who take three winter courses.)

#### FIFTH TERM—SPRING.

LECTURES:—*Anatomy, Physiology, Chemistry, Materia Medica, Surgery, Principles and Practice of Medicine, Obstetrics*.

Regional Dissections, Chemical Laboratory Work, Toxicology and Special Researches.

Clinics, general and special ; Diseases of Women and Children. Pathology and Post Mortem Examinations.

#### SIXTH TERM—WINTER.

All Lectures and Clinics. Regional Dissections; Post Mortem Examinations. General Review.

(Students who have passed the final examination in the elementary branches at the end of the fourth term, may devote their third year especially to the practical branches and to clinics.)

#### PRACTICAL CHEMISTRY.

The college is provided with a thoroughly furnished students' laboratory for practical chemistry.

Professor Haines will give a special course in practical chemistry, devoting to the work three afternoons of each week. The course will include a series of experiments in qualitative analysis, urinalysis and toxicology. The student will make the analyses and examinations himself, under the supervision of the Professor.

Since a course in practical chemistry has been made one of the requirements for graduation in this college, students will find the spring term a most convenient time for the pursuit of this study.

#### **PRACTICAL ANATOMY.**

The very best advantages for the practical study of anatomy, including osteology, will be afforded. Material in abundance will be provided.

#### **PRACTICAL PHYSIOLOGY.**

The Physiological Laboratory is abundantly supplied with microscopes and other apparatus for study, and will be open for work during the winter and spring courses. A course of lessons in Histology and Practical Microscopy will be given.

#### **CLINICAL INSTRUCTION.**

##### **IN THE COLLEGE BUILDING.**

A Surgical clinic will be given by Professor Gunn every Saturday; a clinic on Diseases of the Chest by Professor Ross, and one on Diseases of the Nervous System by Professor Lyman, every Thursday; a clinic on Skin and Venereal Diseases by Prof. Hyde, and a Medical clinic by Dr. Bridge every Monday; and a clinic on Orthopædic Surgery by Prof. Owens every Saturday, immediately after Prof. Gunn's clinic, all continuing throughout the year.

##### **DISEASES OF CHILDREN.**

Prof. Miller, aided by Dr. J. S. Knox, Clinical Adjunct, will also give before the entire class in the amphitheater one special clinic each week throughout the year on DISEASES OF CHILDREN.

##### **GYNÆCOLOGY.**

Prof. Byford, with Professors T. D. Fitch, D. T. Nelson and Dr. P. Adolphus, as Clinical Adjuncts, has organized a daily clinic in the college building for the special instruction of the graduating class in CLINICAL GYNÆCOLOGY.

The class will be so subdivided into small sections that each

student will have extensive opportunities for the practical study of this important subject.

In addition to these daily clinics before small sections of the graduating class, Prof. Byford will give each week one public clinic, when the most interesting cases will be presented.

#### DISEASES OF THE EYE AND EAR.

Prof. Holmes, with the assistance of Dr. W. T. Montgomery, will give, throughout the year, a weekly clinic, in the amphitheater, on DISEASES OF THE EYE AND EAR.

Prof. Holmes will also give private instruction in the use of the ophthalmoscope, the adaptation of spectacles, and methods of examining the ear.

#### THE COUNTY HOSPITAL.

(OPPOSITE THE COLLEGE BUILDING.)

The hospital, standing on a block of twelve acres of land, has been erected at a cost of nearly half a million dollars.

The amphitheater of the hospital, with a seating capacity for six hundred persons, is the clinic room in which all the surgical, medical and special clinics are held. More than two thousand patients were treated at the hospital during the past year; nearly two hundred important surgical operations were performed, of which forty were capital amputations.

In the rear of the amphitheater is the Mortuary or Necropsy Theater, in which are held all the post mortem examinations of the hospital. Most ample opportunities will be given for the complete study of the gross as well as of the microscopic appearances produced by disease.

#### THE FOLLOWING IS THE STAFF OF THE HOSPITAL:

##### SURGEONS.

MOSES GUNN, M. D.,      C. T. PARKES, M. D.,      R. N. ISHAM, M. D.,  
E. W. LEE, M. D.,      A. J. BAXTER, M. D.

##### PHYSICIANS.

NORMAN BRIDGE, M. D.,      J. H. HOLLISTER, M. D.,  
S. A. MCWILLIAMS, M. D.,      H. P. MERRIMAN, M. D.

##### OPHTHALMOLOGIST.

S. D. JACOBSON, M. D.

##### GYNÆCOLOGISTS

J. GUERIN, M. D.,      D. A. K. STEELE, M. D.

##### PATHOLOGIST.

C. FENGER, M. D.

**AT THE ILLINOIS CHARITABLE EYE AND EAR INFIRMARY.**

CORNER OF PEORIA AND ADAMS STREETS.

This large institution affords almost unlimited facilities for the clinical study of Diseases of the Eye and Ear.

During the past year more than 1,600 patients received treatment at the Infirmary; 270 operations were performed.

Regular clinics will be given during each week of the session by Drs. Holmes, Hotz and Jones.

**AT THE CENTRAL DISPENSARY.**

Extraordinary opportunities are offered to students and practitioners for clinical instruction at the Central Free Dispensary, which occupies the first floor of the college building. More than six thousand different patients received treatment in this dispensary during the past year. Patients are classified according to their diseases. Every opportunity is afforded for the study of specialties.

One clinic will be given weekly, by each of the following named gentlemen :

Dr. Ingals on Diseases of the Chest and Throat ; Dr. W. J. Maynard and Dr. R. D. MacArthur, on Skin and Venereal Diseases ; Dr. R. S. Hall and Dr. C. W. Earle, on Diseases of Children ; Dr. E. B. Loomis and Dr. D. W. Graham, on Surgery ; Dr. W.T. Montgomery, on Diseases of the Eye and Ear.

**PRACTICAL OBSTETRICS.**

The Lying-in Department of the Central Free Dispensary has been organized under the immediate care of Dr. P. Adolphus.

Advanced students will have opportunities, at trifling expense, for the study of practical obstetrics at the bedside.

**HOSPITAL INTERNES.**

Positions of Internes in the Cook County Hospital, and the St. Luke's Hospital, are open each spring to students who graduate and pass a competitive examination held by the respective hospital staffs.

The occupants of these positions receive their board and lodging, and secure an extensive experience in every department of practical medicine and surgery.

**SPRING COURSE.**

The Faculty ask special attention to the great advantages offered by the Spring Course, beginning the first Wednesday in

March, and continuing sixteen weeks. It consists of lectures and recitations at the college, practical work in the laboratories and dissecting room, and clinical instruction at the hospital and dispensaries.

At the close of each term, students will be examined and will receive certificates of attendance and grade of examination, marked on a scale of ten. The grade will indicate the average standing in all the departments attended. Students who prefer to attend only a part of the branches taught according to the schedule of studies above presented, may do so, and be relieved from examinations in other departments. In the studies taken a corresponding higher standing will be demanded for a given grade.

This course cannot be accounted as a "course of lectures," in the requirements for graduation. How highly this course has been appreciated may be known from the fact that 126 students matriculated in the spring term of 1878, 187 in that of 1879, and 227 in that of 1880.

It is a source of satisfaction to the Faculty, as it must be to all friends of the college, that so many young men are impressed with the importance of spending two terms each year in their professional study.

#### EXAMINATIONS.

The regular examinations for a degree are held only once annually, during the last week of the winter session.

Students, however, who will enter the college for at least three full winter terms of study may receive their final examination in Descriptive Anatomy, Physiology, Chemistry, *Materia Medica*, and Therapeutics at the close of the second winter term. This will enable them to devote special attention to clinics and the practical branches during the third winter session. Those students who take the three winter courses and desire to be examined in the elementary branches, as above indicated, will be required to advance one half of the examination fee. (See fees, page 13.)

Students who have failed in their examination for the degree of doctor of medicine may receive their diplomas at the close of the spring term on passing a second examination in those branches in which they were deficient. There will be no fee for the second examination.

## GRADUATION.

The following are the requirements for the degree of Doctor of Medicine:

1st. The candidate must be twenty-one years of age, and must give satisfactory evidence of possessing a good moral character, with such primary education as is clearly requisite for a proper standing with the public and the profession.

2d. He must have pursued the study of medicine three years, and have attended at least two full courses of lectures, of which the first one may have been in some other recognized medical college, and the last in this institution. The lectures of the spring term cannot be accounted as a "course of lectures" in this requirement.

3d. He must have attended clinical instruction during at least one college term.

4th. He must have pursued the study of Practical Anatomy, under the direction of the Demonstrator, and to the extent of having dissected each region of the body.

5th. He must have taken one course in Practical Chemistry under the direction of the Professor of Chemistry.

6th. He must notify the Secretary of the Faculty of his intention to become a candidate, depositing the amount of the examination fee with the Treasurer on or before the 20th day of January.

7th. Every candidate must undergo a full and satisfactory written or oral examination on each branch taught in the college.

## FEES FOR THE ANNUAL WINTER COURSE.

Matriculation fee (good till the following March) - - \$ 5.00

Lecture fees for the course, - - - - - 75.00

Admission to the dissecting room till the following

March—material at cost price, - - - - - 5.00

Admission tickets are issued only to holders of the general ticket.

Practical chemistry—chemicals at cost price, - - 5.00

Examination for degree—fee not returnable, - - - 30.00

Three years' students, examined at the end of their second winter, must advance one half of this fee.

(There is no graduation fee.)

From Alumni of this college, and from its students who have taken and paid for two full courses of lectures, the matriculation

fee only (\$5.00) will be expected. From alumni of other respectable medical colleges the matriculation fee and one-half lecture fee will be required.

Tickets for Cook County Hospital and for the Eye and Ear Infirmary—good for one year—each, - - - \$ 5.00

#### FEES FOR THE ANNUAL SPRING COURSE.

Matriculation fee (good till the following March) - \$ 5.00

Lecture tickets, - - - - - 20.00

This amount will be deducted from the fees of the next following winter session.

Graduates of the college are admitted on payment of the matriculation fee only; graduates of other regular medical colleges on payment of matriculation fee and ten dollars.

Fee for Practical Chemistry (students will also pay cost price for chemicals used), - - - - - 5.00

Admission to the dissecting room for one year—material at cost price, - - - - - 5.00

Tickets for the Cook County Hospital, and for the Eye and Ear Infirmary, good for one year, each - - 5.00

#### DIRECTIONS TO STUDENTS.

Students will matriculate, and obtain their tickets at the college, from the Treasurer, Professor Gunn, or from Mr. Frank J. Gould, College Clerk.

Students may select their seats in the lecture rooms when they take their tickets, or the Treasurer will select for them, on receipt of the matriculation fee previous to the opening of the session; *but seats thus pre-empted, if not occupied before the end of the second week of the winter term, will be forfeited and assigned to students who are present to occupy them.*

The College Clerk may be seen in the college building, and will aid in obtaining boarding places, rooms, etc.

For further information address the Secretary, Prof. J. H. Etheridge, M. D., No. 1634 Michigan avenue.

#### BOARD AND ROOMS.

Good board, with rooms, and all the usual accommodations, can be obtained at rates varying from \$3.00 to \$5.00 per week. By associating in clubs, students may supply themselves with

good accommodations at a material reduction from ordinary rates. Day board \$3.00.

Students will find a good assortment of medical books and surgical instruments in this city. The following books of reference, among others, are recommended :

*Chemistry*.—Attfield.

*Anatomy*.—Gray, Gobrecht's Wilson, Heath's Dissector.

*Physiology*.—Foster, Carpenter (edition of 1877).

*Materia Medica and General Therapeutics*.—Bartholow, The National Dispensatory, Ringer, Binz.

*Medical Jurisprudence*.—Elwell, Taylor, Beck, Casper.

*Obstetrics*.—Cazeaux, Byford, Playfair.

*Diseases of Women*.—Byford on the Uterus, Barnes, Emmet.

*Diseases of Children*.—Smith, Vogel, Meiggs and Pepper.

*Surgery and Surgical Pathology*.—Gross, Erichsen, Druitt, Paget, Bryant.

*Practice of Medicine*.—Flint, Bristowe, Niemeyer, Harts-horne's Watson.

*Pathology*.—Green, Rindfleisch, Wagner, Billroth.

*Clinical Medicine*.—Bennett, Trousseau, Graves.

*Diseases of the Heart*.—Flint, Walsh.

*Diseases of the Lungs*.—Walsh, Fuller.

*Surgical Anatomy*.—MacLise, Herting.

*Microscopical Anatomy*.—Stricker, Frey's Compendium, Schæfer.

*Ophthalmology*.—Williams, Wells, Stellwag, Carter.

*Otology*.—Roosa, Von Trœltzsch, Burnett.

*Orthopædic Surgery*.—Sayre's Orthopædic Surgery and Diseases of the Joints.

*Dermatology*.—Duhring.

#### PRACTITIONERS' COURSE.

The Practitioners' Course of lectures in this college will commence on Tuesday April 5th, 1881, and conclude on the second of the following May, thus continuing four weeks.

The Faculty desire to announce distinctly that this Course is for the special benefit of practitioners of medicine, graduates or non-graduates, and is wholly distinct from the lectures to students in the college curriculum. A certificate of attendance, signed by the Faculty of the college, is granted at the conclusion of the course, to previous graduates in medicine.

The upper auditorium of the college building will be devoted exclusively to the use of practitioners during these lectures, which will thus be entirely separate from the annual spring course attended by students in the lower amphitheater. A requisite portion of the dissecting room will also, during the month, be exclusively allotted to those in attendance who desire to dissect or to perform the operations of surgery. All such operations will be performed under the supervision of the Professor. An abundance of material, both for operations and dissections, will be supplied at cost.

Lectures will be given by the Faculty on the subjects named below :

Prof. Allen, on Recent Progress in Practical Medicine.

Prof. Miller, on Obstetric Operations and Diseases of Children.

Prof. Gunn, on Dislocations of Hip and Shoulder, and some of the more important Fractures and Operations, with Practical Demonstrations.

Prof. Ross, on the more recent Methods of Clinical Investigation.

Prof. Byford will present Such Subjects in connection with Gynæcology as are of special interest to the General Practitioner.

Prof. Holmes, on The Diagnosis and Treatment of important Diseases of the Eye and Ear.

Prof. Lyman, on Obscure Diseases of the Nervous System.

Prof. Etheridge, on New Remedies.

Prof. Parkes, on External Surgical Landmarks, with Regional Demonstrations on the Body.

Prof. Haines, Full Practical Instruction in Urinalysis, both Chemical and Microscopical.

Prof. Hyde, on The Skin and Venereal Diseases of most Frequent Occurrence.

Prof. Owens, on the Surgical Treatment of Diseases of the Joints, and the Adjustment and Uses of Apparatus for correcting Deformities.

Four lectures will be given daily, between the hours of 8 A. M. and 12 M. From 2 to 4 P. M. of each day the regular college, dispensary, and hospital clinics will be held. At these clinics, seats will be reserved in the arena of the college amphitheaters for practitioners in attendance, thus affording them the amplest opportunities for practical observation and study.

In addition to this, practical instruction will be given each day in Gynæcology, by the clinical adjuncts of that chair, Drs. Fitch, Nelson and Adolphus. Facilities are thus extended for intimate personal examination of a large number of interesting cases in this department.

At the conclusion of the clinical hours, daily lectures will be given from 4 to 5 P. M. by Dr. Danforth, on The Diseases of the Kidney ; by Dr. Wadsworth, on Physiological and Histological Demonstrations by the Aid of the Microscope ; and by Dr. Ingals, on The Use of the Laryngoscope in the Recognition of Diseases of the Larynx. These lectures will be in the form of practical demonstrations.

Fees for the entire course, including matriculation, clinical instruction, and use of dissecting room (material only extra and at cost,) thirty dollars. Tickets can be had at any time by applying to the clerk of the college, Mr. Frank J. Gould, at the college building, corner of Wood and Harrison streets, either in person or by letter.

THE ASSOCIATION  
OF  
AMERICAN MEDICAL COLLEGES.

---

ARTICLE IX of its By-Laws: "Medical Colleges belonging to this Association shall publish the articles of confederation in their annual catalogues, for at least three consecutive years after joining the Association."

---

ARTICLES OF CONFEDERATION.

*(To be Subscribed and Conformed to by all the Colleges of the Association.)*

---

ARTICLE I. OF THE FACULTY.

The medical members of the Faculty must be REGULAR graduates or licentiates and practitioners of medicine, in good standing, using the word "regular" in the sense commonly understood in the medical profession.

ARTICLE II. OF TUITION.

SECTION 1. The scheme of tuition shall provide for a yearly systematic course of instruction, covering the general topics of Anatomy, including Dissections, Physiology, Chemistry, Materia Medica and Therapeutics, Obstetrics, Surgery, Pathology and Practice of Medicine. The collegiate session, wherein this course is given, shall be understood as the "regular" session.

SEC. 2. Said regular session shall not be less than twenty weeks in duration. This section to go in force at and after the session of 1879-80.

SEC. 3. Not more than one regular session, counting the regular session as one of the two courses of instruction required for graduation, shall be held in the same year.

ARTICLE III. REQUIREMENTS FOR GRADUATION.

No person, whether a graduate in medicine or not, shall be given a diploma of "Doctor of Medicine," who shall not have fulfilled the following requirements, EXCEPT as hereinafter provided for in Article IV:

1. He must produce satisfactory evidence of good moral character, and of having attained the age of twenty-one years.

2. He must file a satisfactory certificate of having studied medicine for at least two years under a REGULAR graduate, or licentiate and practitioner of medicine, in good standing, using the word "regular" in the sense commonly understood in the medical profession. No candidate shall be eligible for final examination for graduation, unless his term of three years' study shall have been completed, or shall expire at a date not later than three months after the close of the final examinations; this clause to take effect at and after the session of 1879-80.

3. He must file the proper official evidence that, during the above-mentioned two years, he has matriculated at some affiliated college or colleges for two regular sessions, and in the course of the same (except as provided in 4) has attended two full courses of instruction on the seven topics mentioned in Article II. But the LATTER, at least, of the two full courses must have been attended at the college issuing the diploma. No two consecutive courses of instruction shall be held as satisfying the above requirements, unless the time between the beginning of the first course and the end of the second is greater than fifteen months.

4. In case a college shall adopt a systematic graduated scheme of tuition, attendance on the whole of the same shall be equivalent to the requirements mentioned in 3, PROVIDED such scheme includes instruction in the seven topics mentioned in Article II, and requires attendance at at least two yearly regular Collegiate Sessions of not less than twenty weeks' duration each.

5. The candidate must have passed a personal examination before the Faculty on all seven of the branches of medicine mentioned in Article II.

6. He must have paid in full all college dues, including the graduation fee.

ARTICLE IV. OF HONORARY DEGREES.

An honorary degree of "Doctor in Medicine" may be granted in numbers not exceeding one yearly, to distinguished physicians or scientific men of over forty years of age. But in such case the diploma shall bear across its face the word "Honorary," in conspicuous characters; and the same word shall always be appended to the name of the recipient in all lists of graduates.

ARTICLE V. OF FEES.

SECTION 1. All fees shall be paid in lawful money, and no promissory notes or promises to pay shall be accepted in lieu of cash for payment of fees.

SEC. 2. No ticket, or other certificate of attendance upon college exercises, shall be issued to any student until the dues for the same shall have been fully paid.

SEC. 3. The established fees for the exercises of the regular session, except the matriculation fee, graduation fee, fee for dissections, may be reduced not more than one-half to graduates of other affiliated colleges of less than three years' standing, and to under-graduates of the same who have already attended two full courses of the instruction of the regular session.

SEC. 4. The same fees may be remitted altogether to a college's own alumni, to graduates of other affiliated colleges of three years' standing—the three years dating from the time of graduation, and ending at the close of the regular session for which the tickets are given—to under-graduates who have already attended two full courses of the instruction of the regular session, the latter of which, at least, shall have been in the college making the remission, and to theological students, when not candidates for a diploma.

SEC. 5. The same fees may be reduced or remitted to deserving indigent students, to a number not exceeding five per cent. of the number of matriculants at the previous regular session of the College.

SEC. 6. Under no circumstances whatever, other than the above, shall the Faculties, or any members of the same, grant UPON THEIR OWN AUTHORITY, any remissions or reductions of established fees. And it is distinctly understood and agreed that the Faculties will discountenance and oppose the authorizing, by Governing Boards, of the admission of individual students upon other than the regularly-established charges for their grade.

SEC. 7. Remission or reduction of fees for other exercises than those of the regular session—return to a student of any moneys after payment of fees, or any appropriation of funds of the College for payment of any student's fees, or part thereof, shall be deemed violation of the provisions of this article in regard to remission or reduction of fees.

#### ARTICLE VI. OF RECOGNITION OF OTHER COLLEGES.

No college shall admit to the privileges accorded in Articles III and V the students or graduates of any college, which during any period of the student's or graduate's pupillage shall have been excluded from the list of affiliated colleges recognized by the Association.

#### ARTICLE VII. AMENDMENTS.

Amendments to these articles shall be proposed and adopted in the manner prescribed for amendments to the Constitution.

At the meeting of the Association, held June 7, 1877, the following resolution was passed :  
" That each confederated college shall publish, in its annual circular and catalogue, the names of all confederated and affiliated colleges, beginning with their announcements for 1878-79."

Rush Medical College.

Jefferson Medical College.

College Physicians and Surgeons, Medical Department of Columbia College, N. Y.

Medical Department of the University of Louisville.

Hospital College of Medicine of Louisville.

Chicago Medical College.

Medical Department of Iowa State University.

Medical Department, University of Wooster.

Cleveland Medical College, Medical Department of Western Reserve College.

Detroit Medical College.

Strling Medical College.

Medical Department, University of Vermont.

Medical Departments of Nashville and Vanderbilt Universities.

Missouri Medical College, St. Louis.

Dartmouth Medical College, Hanover, New Hampshire.

Kansas City College of Physicians and Surgeons.

Miami Medical College of Cincinnati, Ohio.

Louisville Medical College of Louisville, Kentucky.

Department of Medicine and Surgery of the University of Michigan.

Medical Department of the University of Louisiana, New Orleans.

Indiana Medical College.

Medical College of Fort Wayne.

Woman's Hospital Medical College of Chicago.

Ohio Medical College.

Alabama Medical College.

Bellevue Hospital Medical College.

# MATRICULATES OF 1879-80.
